Regulations

All regulations inside this article must be followed by all members of Atlas Air Virtual, Regulations can be enforced by administrators.

1. You must be 13 years of age or older.
2. You must own a legal copy of FSX, P3D, or X-Plane.
3. You must enter valid information during registration.
4. You must comply with all VATSIM regulations.
5. You must have a VATSIM ID. You aren't required to use it however.
6. You must maintain respect for everyone inside Atlas Air Virtual.
7. You must file a minimum of 1 PIREP (pilot report) per month in a rolling period. Your account will be automatically deactivated if you are unable to meet this requirement. If you would like to reactivate your account, you must ask an administrator to do so. You will then have 14 days to complete a flight. Once you have completed your first flight back, you now only need to fly once per month in a rolling period.
8. You must only file a manual PIREP if a staff member or chief pilot requests you to or if you have proof of your flight. The most common use for filing a manual PIREP is for logging flights that have had simulator issues which prevent you from filing a normal PIREP.
9. You must not crash your aircraft. If the ACARS software logs a crash, your PIREP will be rejected.
10. You should include the following in your remarks if flying on the VATSIM network:
"Flying for Atlas Air Virtual @ atlasair-virtual.com"

11. You are allowed to substitute any aircraft in the fleet on any route as long as the aircraft that was chosen is able to serve the route safely.
12. You must file for a Leave of Absence (LOA) if you will be absent for more than 30 days. Through Discord, send a message to a staff member or chief pilot directly and they will take note of your LOA. You will not be able to cancel your LOA. You're unable to complete a flight during this time, but you can be active on the Discord. You must wait 30 days before filing another LOA.
13. You must not request a hub transfer before 90 days of being a member of your current hub. Through Discord, send a message to a staff member or the respective chief pilot directly and they will transfer your hub.
14. You must not exceed 1x Simulation Rate during your flights. Any flights with a simulation rate higher than 1x will be denied. Mistakes will be accounted for.
15. You should be able to fly your aircraft responsibly. This means knowing how to fly your aircraft, the systems, knowing how to plan your flights, etc. If you need any help or have any questions, feel free to ask in the Discord server.
16. Any behavior that shall harm the integrity of Atlas Air Virtual or any of our partners shall be punished accordingly. This behavior is, but not limited to, bug abuse, disrespect, discrimination, slander, and piracy.

Pilot Ranks

| Rank Name | Criteria | Pay Rate |
|----------------------|-----------------|------------|
| New Hire | 0-15 Hours | \$87/Hour |
| First Officer | 15-100 Hours | \$110/Hour |
| Senior First Officer | 100-500 Hours | \$154/Hour |
| Captain | 500-1,000 Hours | \$169/Hour |
| Senior Captain | 1,000+ Hours | \$221/Hour |
